

Declaration of installation of an incomplete machine in terms of Directive 2006/42/EC

Manufacturer

FIBRO GMBH
August-Läpple-Weg
74855 Hassmersheim, Germany

hereby states that for the incomplete machine

Product designation	Electric transporter
Type designation	BLACK LINE
Article number	2299.60.10100.00 / 2299.60.12100.00 / 2299.60.14100.00 / 2299.60.18100.00
Intended use	Industrial process transport of solid materials

the following essential requirements of Directive 2006/42/EC Annex 1 (Machinery Directive) were applied and complied with: 1.1.2 / 1.1.3 / 1.1.5 / 1.5.1 / 1.5.4 / 1.5.7 / 1.7.2 / 1.7.3

The incomplete machine may not be put into operation until it has been determined that the machine in which the incomplete machine has been installed complies with the provisions of Directive 2006/42/EC.

For certain components of this product placed on the market by FIBRO GMBH, the relevant requirements from the following other relevant directives have been met during design and construction:

--- No requirements from other relevant directives were identified.

For the correct implementation of the required relevant regulations in the named directives, the following harmonised standard(s) according to Article 7 Paragraph 2 and/or technical specifications has/have been applied:

EN ISO 12100:2010-11	Safety of machinery - General design principles - Risk assessment and risk reduction
EN 60204-1:2018	Safety of machinery - Electrical equipment of machines Part 1: General requirements
EN 619:2011	Continuous handling equipment and systems - Safety and EMC requirements for equipment for mechanical handling of unit loads

The special technical documents in accordance with Annex VII Part B have been created. We undertake to provide the special documents to national authorities in electronic form upon justified request.
